

WORLD-CLASS MANUFACTURING

Through Continuous Improvement to Zero Defects

TCC is Your Leading Manufacturer, Specializing in Custom Engineered Cable Assemblies, Harnesses, and Other Unique Requirements

ISO 9001:2008 Certified & UL/CSA Certified

Engineering

- On-Site Engineering Team
- Quoting Department
- Prototype Solutions
- Reverse Engineering
- Manufacturer Alternative Designs

Assembly Documentation

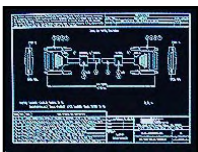

- Step-by-Step Assembly Procedures
- Testing Procedures
- Text and Graphic Instructions

Quality Control

- 100% Tested and Warranted
- SPC Monthly Analysis
- On-Line Production Inspection
- Control Audit

Document Control

- Print, Material & Procedural Reference
- Quality Authorization Before Production
- Secured Customer Data Archives
- CAD Prints for Builds and Quotes

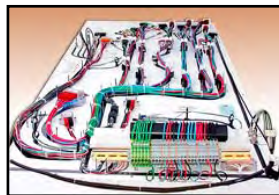

Custom Molding

- Tooled per your Specifications
- Custom Logos and Names
- One and Two Shot
- Ferrite and Strain Relief

Customer Needs

- Custom Packaging
- Bar-Coding & Custom Labeling
- Drop-Shipping
- Customer Preferred Shipper OK
- Quick-Turn & Standard in-Stock
- Kanban & JIT Programs

Custom Products

- Prototypes and Small Orders OK
- Custom Harness Board Design and Build
- Complex Design or Simple Assembly
- Custom Bundling & Designator Labeling
- Military, Aerospace & Medical
- Unique Industries

Offshore Capabilities

- Quality + Cost Effectiveness
- Your Custom Requirements Met
- ISO 9001:2000 Certified
- 100% Final Inspection, Strict Quality Control

Testing Procedures

All assemblies are 100% tested. Testing capabilities include, but are not limited to, these means:

- TDR Software
- Eye-Pattern
- Test Reports
- Back Reflection
- DB Loss
- Hi-Pot
- Pull Test
- Pin-to-Pin Resistance
- Cirris® Test Equipment
- Character Resistance Analysis
